## ABN 17 402 743 835

## **OPERATING REPORT**

The National Executive presents its operating report for the reporting unit for the year ended 31 December 2021.

# **Principal Activities**

The principal activities of the reporting unit during the financial year overall were to further the interests of the Union's members from the four Divisions by maintaining the effective operation of the Union as a registered organisation, assisting the Divisions grow union membership, assisting the Divisions with industrial campaigns, and advocating for and protecting the economic and political interests of members.

# **Operating Result**

The results of the principal activities of the Union during the financial year was to further the interests of CFMMEU workers through improvements in wages and conditions, health and safety, legal rights and company compliance with Australian labour standards.

The operating profit of the Union for the financial year was \$494,810 (2020: \$280,375). No provision for tax was necessary as the Union is exempt from income tax.

# Significant change in financial affairs

There have been no significant changes in the reporting unit's financial affairs during the year.

# Number of Members

The number of persons that were, at the end of the financial year to which the reporting unit relates, recorded in the register of members in accordance with section 230 of the Fair Work (Registered Organisations) Act 2009 and who are taken to be members of the reporting unit in accordance with section 244 (2)(a) of the Fair Work (Registered Organisations) Act 2009 was 142,259.

# Number of Employees

The number of persons who were, at the end of the financial year to which the reporting unit relates, employees of the reporting unit, where the number of employees includes both full-time employees and part-time employees measured on a full-time equivalent basis was 3.

# **Rights of Member to Resign**

Pursuant to the Reporting Unit Rule 11 and Section 174 of the Fair Work (Registered Organisations) Act 2009, members have the right to resign from membership by providing written notice addressed to and delivered to the Secretary of the Reporting Unit.

A notice of resignation from membership of the Union takes effect:

- (a) where the member ceases to be eligible to become a member of the Union
  - (i) on the day on which the notice is received by the Union
  - (ii) on the day specified in the notice which is a day not earlier than the day when the member ceases to be eligible to become a member;

whichever is the later, or

- (b) in any other case:
  - (i) at the end of two weeks after the notice is received by the Union, or
  - (ii) on the day specified in the notice whichever is the later.

# NATIONAL EXECUTIVE STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2021

On 27/05/2022 The National Executive of the Construction, Forestry, Maritime, Mining and Energy Union passed the following resolution in relation to the general-purpose financial report (GPFR) for the financial year ended 31 December 2021.

The National Executive declares that in its opinion:

- a) the financial statements and notes comply with the Australian Accounting Standards;
- b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act);
- c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- e) during the financial year to which the GPFR relates and since the end of that year:
  - i. meetings of the National Executive were held in accordance with the rules of the organisation including the rules of a branch concerned; and <sup>1</sup>
  - ii. the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
  - iii. the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
  - iv. where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the organisation; and
  - v. where information has been sought in any request by a member of the reporting unit or the Commissioner duly made under section 272 of the RO Act, that information has been provided to the member or the Commissioner; and
  - vi. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the National Executive.

#### Authorisation of National Executive Statement

On 27 May 2022 the National Executive passed a resolution approving the National Executive Statement and authorised the National President and the National Secretary to each sign the National Executive Statement on behalf of the National Executive.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### Note 1 Summary of significant accounting policies

## **1.1** Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the Fair Work (Registered Organisation) Act 2009. For the purpose of preparing the general-purpose financial statements, the reporting unit is a not-for-profit entity. The Union has applied the Tier 1 reporting requirements as per the Australian Accounting Standard AASB 1053 Application of Tiers of Australian Accounting Standards.

The financial statements, except for cash flow information, have been prepared using the accrual basis of accounting. The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

#### 1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

#### 1.3 Significant accounting judgements and estimates

No accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

#### 1.4 New Australian Accounting Standards

The accounting policies adopted are consistent with those of the previous financial year.

No accounting standard has been adopted earlier than the application date stated in the standard.

New standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a future financial impact on the reporting unit include:

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

### 1.4 New and Future Australian Accounting Standards continued

# AASB 2020-1 – Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current

This Standard amends AASB 101 to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. This Standard applies to annual reporting periods beginning on or after 1 January 2022. Earlier application is permitted.

## 1.5 Current versus non-current classification

The reporting unit presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The reporting unit classifies all other liabilities as non-current.

# ABN 17 402 743 835

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

### 1.6 Revenue

The reporting unit enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of capitation fees, levies, and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

## Revenue from contracts with customers

Where the reporting unit has a contract with a customer, the reporting unit recognises revenue when or as it transfers control of goods or services to the customer. The reporting unit accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined when the performance obligation has been satisfied.

# **Capitation fees**

The reporting unit's arrangement with the branches or other reporting units meets the criteria to be a contract with a customer. Accordingly, the reporting unit recognises the capitation fees promised under that arrangement when or as it transfers the services.

In circumstances where the criteria for a contract with a customer are not met, the reporting unit will recognise capitation fees as income upon receipt.

#### Levies

Levies paid by branches or other reporting units in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue when or as the reporting unit transfers the relevant services to the division/other reporting unit.

In circumstances where the criteria for a contract with a customer are not met, the reporting unit will recognise levies as income upon receipt.

# ABN 17 402 743 835

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

### 1.6 Revenue continued

## Income of the reporting unit as a Not-for-Profit Entity

Consideration is received by the reporting unit to enable the entity to further its objectives. The reporting unit recognises each of these amounts of consideration as income when the consideration is received because, based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- the reporting unit's recognition of the cash contribution does not give to any related liabilities.

The reporting unit receives cash consideration from the following arrangements whereby that consideration will be recognised as income upon receipt:

- donations and voluntary contributions from members (including whip arounds); and
- government incentives

#### Gains from sale of assets

An item of property, plant and equipment is derecognised upon disposal (which is at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of comprehensive income when the asset is derecognised.

#### Interest income

Interest revenue is recognised on an accrual basis using the effective interest method.

# 1.7 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave, personal leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 Employee Benefits) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts.

The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### Note 1 Summary of significant accounting policies

## 1.7 Employee benefits continued

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the reporting unit in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

## 1.8 Leases

The Reporting Entity assesses whether a contract is or contains a lease, at inception of a contract. The Reporting Entity recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Reporting Entity recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Reporting Entity uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise fixed lease payments, less any lease incentives.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

# 1.9 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents include cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts.

## ABN 17 402 743 835

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### Note 1 Summary of significant accounting policies

### 1.10 Financial instruments

Financial assets and financial liabilities are recognised when a reporting unit entity becomes a party to the contractual provisions of the instrument.

## 1.11 Financial assets

## **Contract assets and receivables**

A contract asset is recognised when the reporting unit's right to consideration in exchange goods or services that has transferred to the customer when that right is conditioned on the reporting unit's future performance or some other condition.

A receivable is recognised if an amount of consideration that is unconditional is due from the customer.

Contract assets and receivables are subject to impairment assessment. Refer to accounting policies on impairment of financial assets below.

## Initial recognition and measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income (**OCI**), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the reporting unit's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the reporting unit initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (**SPPI**) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The reporting unit's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the reporting unit commits to purchase or sell the asset.

# ABN 17 402 743 835

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### Note 1 Summary of significant accounting policies

## 1.11 Financial assets continued

#### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in five categories:

- (Other) financial assets at amortised cost
- (Other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (Other) financial assets at fair value through profit or loss
- (Other) financial assets designated at fair value through profit or loss

## Financial assets at amortised cost

The reporting unit measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The reporting unit's financial assets at amortised cost includes trade receivables and loans to related parties.

# Derecognition

A financial asset is derecognised when:

- The rights to receive cash flows from the asset have expired or
- The reporting unit has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
  - a) the reporting unit has transferred substantially all the risks and rewards of the asset, or
  - b) the reporting unit has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

## ABN 17 402 743 835

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### Note 1 Summary of significant accounting policies

### 1.11 Financial assets continued

When the reporting unit has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the reporting unit continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

## Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### Impairment

Receivables for goods and services, which have 30-day terms, are recognised at the nominal amounts due less any loss allowance due to expected credit losses at each reporting date. A provision matrix that is based on historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment has been established.

# (i) Trade receivables

For trade receivables that do not have a significant financing component, the reporting unit applies a simplified approach in calculating expected credit losses (**ECLs**) which requires lifetime expected credit losses to be recognised from initial recognition of the receivables.

Therefore, the reporting unit does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The reporting unit has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The reporting unit considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the reporting unit may also consider a financial asset to be in default when internal or external information indicates that the reporting unit is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

### 1.12 Financial Liabilities

### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, at amortised cost or at fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The reporting unit's financial liabilities include trade and other payables.

#### Subsequent measurement

## Financial liabilities at amortised cost

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

# Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

#### 1.13 Liabilities relating to contracts with customers

#### **Contract liabilities**

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the reporting unit transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when the reporting unit performs under the contract (i.e., transfers control of the related goods or services to the customer).

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

## 1.14 Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

## 1.15 Building improvement and Plant & Equipment

## **Asset Recognition Threshold**

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

## Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

Class of Fixed Asset	2021	2020
Office Equipment	3-10 years	3-10 years
Furniture and Fittings	10 years	10 years
Motor Vehicles	4 years	4 years
Building Improvements	-	-

#### Derecognition

An item of land plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

## ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

### 1.16 Intangibles

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful life. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The useful life of reporting unit intangible assets are:

	2021	2020
Intangibles	5 years	5 years

## Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

# 1.17 Impairment for non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the reporting unit were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

# ABN 17 402 743 835

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

## 1.18 Taxation

The reporting unit is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO); and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the ATO is classified within operating cash flows.

#### 1.19 Fair value measurement

The reporting unit measures financial instruments, such as, financial asset as at fair value through the profit or loss, financial assets at fair value through other comprehensive income, and nonfinancial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 16A Financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the reporting unit. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

# ABN 17 402 743 835

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

### 1.19 Fair value measurement continued

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The reporting unit uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the [reporting unit] determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the [reporting unit] has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

# 1.20 Going concern

The Union is not reliant on the agreed financial support of another reporting unit to continue on a going concern basis.

The Union has not agreed to provide financial support to ensure another reporting unit has the ability to continue as a going concern.

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## Note 1 Summary of significant accounting policies

## 1.21 Acquisition of Assets and Liabilities

The Union did not acquire any asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of the organisation, a determination or revocation by the General Manager of the Fair Work Commission under subsections 245(1) or 249(1) of the RO Act.

## 1.22 Recovery of Wages

The Union has not undertaken any recovery of wages activities during the year or the comparative year.

## 1.23 Retained Earnings

All funds required by the rules of the Union are included in the statement of changes in equity. The Union has no fund or account for compulsory levies, voluntary contribution or required by the rules of the organisation or union.

There has been no withdrawals or transfer from a fund other than the general fund, account, asset or controlled entity. The Union has not invested monies from a fund or account in any assets.

#### Note 2 Events after the reporting period

There has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the reporting unit, the results of those operations, or the state of affairs of the reporting unit in subsequent financial periods.

Note 11 Related Party Disclosures		

# Note 11A: Related Party Transactions for the Reporting Period

The following table provides the total amount of transactions that have been entered into with related parties for the relevant year. The reporting unit is the National Office of the Construction, Forestry, Maritime, Mining and Energy Union. The related parties mentioned below in Note 11A are constituent Divisions and Divisional Branches of the reporting unit.

Revenue received from related parties includes the following:		
CFMMEU – Construction & General ACT Divisional Branch	-	11,667
CFMMEU – Construction & General VIC/TAS Divisional Branch	17,571	-
CFMMEU – Construction & General QLD/NT Divisional Branch	-	15,015

CFMMEU – Construction & General VIC/TAS Divisional Branch	-	147,860
CFMMEU – Manufacturing Division	-	4,061

#### ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### Note 11A: Related Party Transactions for the Reporting Period continued

#### Terms and conditions of transactions with related parties

The services to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances for services and purchases at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 December 2021, the reporting unit has not recorded any impairment of receivables relating to amounts owed by related parties and declared person or body (2020: \$Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Employee entitlements to the value of \$295,905 were transferred from CFMMEU Maritime Union of Australia National Office for an employee now employed by CFMMEU National Office. The consideration represents the balance of the employee entitlements as at the date of the employment transfer.

Office space has been provided within CFMMEU Construction & General Victoria Divisional Branch premises on a rent-free basis.

No expected credit losses have been raised in relation to any outstanding balances, and no expense has been recognised in respect of expected credit losses.

There have been no payments made during the financial year to a former related party of the Union.

# Note 12 Contingent Liabilities, Assets and Commitments

There were no contingent liabilities, asset and commitments as at 31 December 2021 (2020: Nil)

# Note 13 Key Management Personnel Remuneration for the Reporting Period

Interest revenue	41	56
Net gain on financial assets at fair value through profit or loss	41	56

The net income/expense from financial assets not at fair value from profit or loss is \$Nil (2020: \$Nil).

#### ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### Note 15 Financial Instruments continued

#### Note 15C: Credit Risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss.

Credit risk is managed through maintaining procedures (such as the utilisation of systems for the approval, granting and removal of credit limits, regular monitoring of exposure against such limits and monitoring of the financial stability of significant customers and counterparties) ensuring, to the extent possible, that members and counterparties to transactions are of sound credit worthiness.

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating or in entities that are cleared as being financially sound.

Credit risk exposures

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the statement of financial position.

There is no collateral held by the entity securing trade and other receivables.

The entity has no significant concentrations of credit risk with any single counterparty or group of counterparties

Trade and other receivables that are neither past due nor impaired are considered to be of high credit quality. Aggregates of such amounts are detailed at Note 5B.

# The following table illustrates the reporting entity's gross exposure to credit risk, excluding any collateral or credit enhancements.

	2021 \$	2020 \$
Financial assets		
Cash and cash equivalents	535,417	203,782
Trade and other receivables	176,073	107,821
Total	711,490	311,603
Financial liabilities		
Trade and other payables	68,305	651,693
Total	68,305	651,693

In relation to the entity's gross credit risk the following collateral is held: \$Nil (2020: \$Nil)

The reporting unit's maximum exposure to credit risk for the components of the statement of financial position at 31 December 2021 and 2020 is the carrying amounts as illustrated above.

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### Note 15 Financial Instruments continued

#### Note 15D: Liquidity Risk

Liquidity risk arises from the possibility that the reporting entity might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. This risk through the following mechanisms:

- preparing forward-looking cash flow analyses in relation to its operational, investing and financing activities;

- monitoring undrawn credit facilities;
- obtaining funding from a variety of sources;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- only investing surplus cash with major financial institutions; and
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed. The timings of cash flows presented in the table to settle financial liabilities reflect the earliest contractual settlement dates and do not reflect management's expectations that banking facilities will be rolled forward.

# **Contractual maturities for financial liabilities 2021**

			1–2	2–5

#### ABN 17 402 743 835

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### Note 15 Financial Instruments continued

#### Note 15E: Market Risk

(i) Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows. The financial instruments that expose the entity to interest rate risk is limited to cash and cash equivalents.

# Sensitivity analysis of the risk that the entity is exposed to for 2021

		Change in	Effect on	
	Risk	risk variable	Profit and	Equity
	variable	%	loss	
			\$	\$
Interest rate risk	535,417	+ 0.1%	535	535
Interest rate risk	535,417	- 0.1%	(535)	(535)

# Sensitivity analysis of the risk that the entity is exposed to for 2020

		Change in	Effect on		
	Risk variable	risk variable %	Profit and loss	Equity	
			\$	\$	
Interest rate risk	203,782	+ 0.1%	204	204	
Interest rate risk	203,782	- 0.1%	(204)	(204)	

(ii) Price risk

Price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices of securities held.

# Note 15F: Asset Pledged/or Held as Collateral

There were no assets pledged or held as collateral as at 31 December 2021 (2020: \$Nil).

#### ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### Note 16 Fair Value Measurement

#### Note 16A: Financial Assets and Liabilities

Management of the reporting entity assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of the reporting unit's interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at 31 December 2021 was assessed to be insignificant.
- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the reporting
  entity based on parameters such as interest rates and individual credit worthiness of the
  customer. Based on this evaluation, allowances are taken into account for the expected losses of
  these receivables. As at 31 December 2021, the carrying amounts of such receivables, net of
  allowances, were not materially different from their calculated fair values.

The following table contains the carrying amounts and related fair values for the reporting entity's financial assets and liabilities:

	Carrying amount	Fair value	Carrying amount	Fair value
	2021	2021	2020	2020
	\$	\$	\$	\$
Financial Assets				
Cash and cash equivalents	535,417	535,417	203,782	203,782
Trade and other receivables	176,073	176,073	107,821	107,821
Total	711,490	711,490	311,603	311,603
Financial Liabilities				
Trade and other payables	68,305	68,305	651,693	651,693
Total	68,305	68,305	651,693	651,693

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

# Note 17 Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- (1) A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- (2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- (3) A reporting unit must comply with an application made under subsection (1).

# Note 18 Disclosure requirements under the rules

In terms of the rules of the Construction Forestry Maritime Mining and Energy Union National Office, the union is required to provide additional disclosures for the financial year ended 31 December 2021.

(a). CFMEU Rule 24B – Remuneration paid to the Elected Official of the Union for the financial year ended 31 December 2021.

	2021	2020
	\$	\$
Salary	-	186,801
Annual Leave Accrual	-	(37,241)
Superannuation	-	17,762
Termination	-	8,240
Total	-	175,562

There was no Elected Official in this Union during the year who received remuneration directly from the National Office for performing their role as an Elected Official.

# (b). CFMEU Rule 24C – Elected Officials' Material Personal Interests.

None of the Elected Officials have disclosed any material personal interests in a matter that the Elected Official has or acquires; or a relative of the Elected Official has or acquires; that relates to the affairs of the union.

(c). CFMEU Rule 24D – Payments to related parties and declared person or body of the Union. Payments to related parties are disclosed under Note 13. No payments were made by the Union to a declared person or body of the Union.

# ABN 17 402 743 835

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### Note 19 Administration of financial affairs by a third party

There has been no administration of financial affairs by a third party.

#### Note 20 Officer Declaration Statement

An officer declaration statement has not been prepared given that all relevant disclosures required under this declaration, have been incorporated into this financial report, including 'NIL' disclosures.

#### Note 21 Union Details

The registered office of the Union is:

Level 6, 540 Elizabeth Street Melbourne VIC 3000

# Note 22 Segment Information

The Union operates solely in one reporting segment, being the provision of industrial services.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CONSTRUCTION FORESTRY MARITIME MINING AND ENERGY UNION NATIONAL OFFICE

# **Report on the Financial Report**

# Opinion

We have audited the financial report of Construction Forestry Maritime Mining and Energy Union National Office (the Reporting Unit), which comprises the statement of financial position as at 31 December 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year ended 31 December 2021, notes to the financial statements, including a summary of significant accounting policies; and the National Executive Statement and the subsection 255(2A) report.

In our opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of the Reporting Unit as at 31 December 2021, and its financial performance and its cash flows for the year ended on that date in accordance with:

- a. the Australian Accounting Standards; and
- b. any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

I declare that management's use of the going concern basis in the preparation of the financial statements of the reporting unit is appropriate.

# **Basis for Opinion**

We conducted the audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of the report. We are independent of the Reporting Unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Information Other than the Financial Report and Auditor's Report Thereon

The National Executive is responsible for the other information. The other information obtained at the date of this auditor's report is in the Operating Report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

# **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CONSTRUCTION FORESTRY MARITIME MINING AND ENERGY UNION NATIONAL OFFICE**

# National Executive's Responsibility for the Financial Report

The National Executive of the Reporting Unit is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the National Executive determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the National Executive is responsible for assessing the Reporting Unit's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the National Executive either intend to liquidate the Reporting Unit or to cease operations, or have no realistic alternative but to do so.

# Auditor's Responsibilities for the Audit of the Financial Report

Our objective is to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. we also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and • perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in • the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reporting Unit's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the National Executive.
- Conclude on the appropriateness of the National Executive's use of the going concern basis of accounting and, based on the ٠ audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Reporting Unit's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Reporting Unit to cease to continue as a going concern.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CONSTRUCTION FORESTRY MARITIME MINING AND ENERGY UNION NATIONAL OFFICE

Auditor's Responsibilities for the Audit of the Financial Report continued

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Reporting Unit to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Reporting Unit audit. We remain solely responsible for my audit opinion.

We communicate with the National Executive regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during my audit.

I declare that I am an auditor registered under the Corporations Act 2001 and RO Act.
